## **Evaluation Form**

This interactive and evidence-based program was developed by leading Canadian experts to address the importance of strict management of low density lipoprotein cholesterol (LDL-C) for patients with atherosclerotic cardiovascular disease as well as provide a timely review of the results of recently completed clinical trials and their applicability to routine clinical practice

|--|--|--|--|--|--|--|
| Content enhanced my knowledge  |  |  |  |  |  |  |
| Strongly disagree Neutral Strongly agree   | ☐ Family Medicine Expert   |  |  |  |  |  |
| Addressed my most pressing questions   | ☐ Collaborator   |  |  |  |  |  |
| Strongly disagree Neutral Strongly agree   | ☐ Communicator   |  |  |  |  |  |
| 1 2 3 4 5  | ☐ Manager  |  |  |  |  |  |
| Promoted improvements or quality in health care  | ☐ Health Advocate  |  |  |  |  |  |
| Strongly disagree Neutral Strongly agree   | □ Professional   |  |  |  |  |  |
| Was scientifically rigorous and evidence-based   |  |  |  |  |  |  |
| Strongly disagree Neutral Strongly agree   | ☐ Scholar  |  |  |  |  |  |
| 1 2 3 4 5  |  |  |  |  |  |  |
| Provided appropriate and effective opportunities for active learning (ie., case studies, discussion, Q GA, etc)  |  |  |  |  |  |  |
| Strongly disagree Neutral Strongly agree   |  |  |  |  |  |  |
| 1 2 3 4 5  |  |  |  |  |  |  |
| Provided an opportunity for interaction with my peers Stronoly disagree Neutral Stronoly agree   |  |  |  |  |  |  |
| Strongly disagree Neutral Strongly agree   |  |  |  |  |  |  |
| Based on your participation in this program, please select all applicable statement(s):    I gained new strategies/skills/information that I can apply to my area of practice.   I plan to implement new strategies/skills/information into my practice.   I need more information before I can implement new strategies/skills/information into my practice behavior   This program will not change my practice, as my current practice is consistent with the information presented.   This program will not change my practice, as I do not agree with the information presented.  What strategies/changes do you plan to implement into your practice? |  |  |  |  |  |  |
| What barriers do you see to making a change in your practice?  Future Topics of Interest / Additional Comment & Suggestions  |  |  |  |  |  |  |
| Thank you for your feedback!   |  |  |  |  |  |  |
